At a time when the world feels divided and most things seem impossible, God tells us that "all things are possible". As sisters in faith, we are compelled to remind one another of this very message! Stacey Murphy, a strategic human resources executive and faith-driven woman, will provide a powerful message based on her experience in fostering a culture of growth and excellence that helps unlock our full potential. Her passion for empowering individuals is matched by her belief that all things truly are possible through God.

Retreat, geared for women over age 18, includes brunch, snacks, coffee, lunch, and registration.

**\$30.00 per person**
